Athens 21 November 2016

The international mathematical conference “Knots in Hellas 2016” was held on the premises of the International Olympic Academy, Ancient Olympia, Greece, from 17 to 23 July 2016 with enormous success. On behalf of the Organizing Committee I would like to sincerely thank Easyconferences and in particular Mrs Melita Rolandi-Strati for the great support, for taking off our shoulders a huge organizational burden, for the very correct book-keeping, for the excellent communication level, for their immediate responsiveness and for their considerate actions.

A handwritten signature in blue ink, appearing to read 'Sofia Lambropoulou', is written on a light blue background.

Professor Dr Sofia Lambropoulou

President of the International Organizing Committee of the Conference “Knots in Hellas 2016”
