

Department of Social and Political Sciences

As the Chair of the conference of the International Sociological Association, held from November 25 to 27, 2011, at the University of Cyprus, I would like to

express my sincere appreciation to EasyConferences and their Managing Director Mr. Petros Stratis for organizing our conference with such a great success.

We had aspired to attract both academics and policy-makers from many different countries and we were successful. The academic program included approximately 60 papers, from fifteen different countries. Although we initially aspired to organize a smaller event, the conference was successful in attracting more than 100 participants. EasyConferences was very efficient and handled everything professionally with a very short notice.

I would like to strongly recommend EasyConferences to anyone interested in organizing any international conference with success.
