May 26, 2012

Dear Mr Stratis,

as the Chairman of the Local Organizing Committee of CCAAT 2011 (International Conference on Computational Complex Analysis and Approximation Theory in honor of Professor Nicolas Papamichael) I would like to express my sincere appreciation and thanks to EasyConferences and to you personally, for the excellent services and support you provided, before, during and after the conference. All aspects of the entire enterprise, including online and onsite registration, accommodation, transportation, official dinners and excursions were praised by our distinguished participants from more than twenty different countries. Of course, praises also go to your competent and extremely friendly members of the staff who were always very supportive, always available and went out of their way so that everything would be perfect. Please convey to them my appreciation for all they have done for CCAAT 2011.

I would like to congratulate you for creating and running a company specializing in successfully organizing academic and scientific conferences and providing support with such a high level of professionalism. You must be very proud of EasyConferences.

Yours sincerely,

A handwritten signature in purple ink, appearing to read 'Tasos Christofides'.

Tasos Christofides
Professor
