TO WHOM IT MAY CONCERN

As the Organizing Chair of the one day conference that was organized under the research project “*New value-Added models in Education: Using Latent variable multilevel models to solve longstanding biases in value added estimates (IENЕК/0609)*” at the University of Cyprus on September 14, 2013, I would like to express my sincere appreciation and thanks to EasyConferences and their Managing Director Mr. Petros Stratis for organizing our conference and the high quality services that they have provided us from the early beginning until the end of the conference.

EasyConferences has helped us significantly in finalizing the conference’s program, designing the invitation for the conference and the conference’s banner, preparing the certificates of attendance and folders containing the material of the conference to be distributed to the participants. Moreover, EasyConferences took care of all other organizing details of the conference, such as the coffee break and lunch for the attendees.

Mr. Petros Stratis and his company have worked very hard planning our conference with professionalism and they were always very supportive, communicative and cooperative. I would like, therefore, to truly recommend EasyConferences to anyone interested in organizing a conference with success.

Yours faithfully,

Leonidas Kyriakides
Project Coordinator
Professor in Educational Evaluation,
Department of Education, University of Cyprus
