

24th IEEE International Conference on Enabling Technologies: Infrastructure for Collaborative Enterprises (WETICE 2015)

15-17 June 2015, Golden Bay Beach Hotel, Larnaca, Cyprus

Call for Papers

The IEEE International Conference on Enabling Technologies: Infrastructure for Collaborative Enterprises (WETICE) is an international forum for the state-of-the-art research in enabling technologies for collaboration, consisting of a number of related conference tracks.

Conference Chair

George Angelos Papadopoulos, University of Cyprus, Cyprus

Program Chairs

Andrea D'Ambrogio, University of Roma, Italy

Khalil Drira, LAAS-CNRS, France

Steering Committee Chair

Sumitra Reddy, West Virginia University, USA

Organizing Committee Chair

George Angelos Papadopoulos, University of Cyprus, Cyprus

Organizing Committee

Achilleas Achilleos, DCS, University of Cyprus, Cyprus

Georgia Kapitsaki, DCS, University of Cyprus, Cyprus

Christos Mettouris, DCS, University of Cyprus, Cyprus

Local Organization

EasyConferences Ltd.

Important Dates

- **Submission deadline: February 13th 28th, 2015**
- **Notification of acceptance: March 27th, 2015**
- **Camera-ready submission: April 10th 24th, 2015**

Conference Proceedings

The conference proceedings are published by IEEE Computer Society and will be submitted for inclusion in the IEEE Xplore digital library. The proceedings will be submitted for indexing through INSPEC, Scopus, Compendex, Thomson Reuters, DBLP, Google Scholar and EI Index.

Contact

Please contact the Program Chairs for any extra information or request.

Andrea D'Ambrogio (dambro@uniroma2.it)

Khalil Drira (khalil@laas.fr)

Purpose and Scope

The 24th WETICE edition consists of a set of self-contained and self-managed tracks. The Program Committee solicits the submission of papers to the following tracks:

- ACEC – Adaptive Computing (and Agents) for Enhanced Collaboration
- AROSA – Adaptive and Reconfigurable Service-oriented and Component-based Applications and Architectures
- CAGing – Collaborative and Autonomic Green Computing
- CDCGM – Convergence of Distributed Clouds, Grids and their Management
- COPECH – Collaboration tools for Preservation of Environment and Cultural Heritage
- CPS – Capacity driven Processes and Services for Cyber Physical Society
- CSP – Collaborative Software Processes
- FISA – Future Internet Services and Applications (formerly PASCs and PROMASC)
- FVSBS – Formal Verification of Service Based Systems
- MADYNE – Management of Dynamic Networked Enterprises
- VSC – Validating Software for Critical Systems
- Web2Touch – Modeling the Collaborative Web Knowledge

Prospective authors are invited to use the links available at the List of Tracks page of the WETICE 2015 main website (www.wetice.org) to get detailed information about the list of topics addressed by each single track.

Submission

The paper submission procedure is carried out using the EasyChair conference management system; the link for submission is:

<https://easychair.org/conferences/?conf=wetice2015>

Papers up to **six (6) pages** (including figures, tables and references) should contain original contributions not published or submitted elsewhere and are to be formatted according to the IEEE template, which is available at the link:

http://www.ieee.org/conferences_events/conferences/publishing/templates.html

At least one author for each accepted paper should register and attend WETICE 2015 to have the paper published in the proceedings.
