

21st April 2010

**To whom it may concern**

I hereby would like to express the satisfaction of the Technical Chamber of Cyprus for Dreamscape Conferences Ltd and for Mr. P. Stratis personally, for their contribution in the organization of the 16<sup>th</sup> Skyrodema Conference from 21 -23 of October 2009 at Coral Bay beach hotel in Paphos.

Dreamscape Conferences managed effectively all aspects of the conference organization which included creation of the conference website, handling of the registration process, accommodation and transportation services, excursions, conference lunch, dinners and coffee brakes and budgetary issues.

I am pleased to say that the event was organized with great success and Dreamscape's services were characterized by a high level of professionalism. Moreover, during the Conference, Dreamscape was very successful and effective in dealing with any unexpected problems and difficulties.

The 16<sup>th</sup> Skyrodema Conference was a 3 day conference co-organized by the Scientific and Technical Chamber of Cyprus (ETEK) and the Technical Chamber of Greece (TEE). The conference attracted more than 700 registered participants, most from Cyprus and Greece but many from other countries as well.

Of great importance, especially due to the international nature of the event, was the online registration system used which was provided by Dreamscape and proved extremely convenient for conference participants as it allowed online registration and accommodation arrangements. Moreover, the system proved extremely useful for the Chamber since it allowed instant access to registration information and hence better monitoring of the event.

The Technical Chamber of Cyprus would have no hesitation in recommending Dreamscape for its outstanding services. Moreover, the Chamber would be very happy to work together with Dreamscape Conferences Ltd and Mr Stratis for future events organized by the Chamber.

Christodoulos Hadjiodyseos  
Acting Manager
